Background

Mary Orphanage Home started its journey in 2014 with only 10 helpless orphan children and later it has included another 30 children and it means now 40 children are living in this Home. Some of the children do not have their mother or either father or some cases they have lost their parents. Aloshikha RSD Center has taken this specialized initiative to ensure their rehabilitation including education, health and create employment opportunity in the future. Currently all the children are studying in the Maria Child Care and VTC School that are operated and guided by the Aloshikha RSD Center. The chief initiator of the Orphanage Home, Mrs. Martha Halder thinks that it would be praiseworthy to establish them in the main stream of our society through these services. Presently 22 children have come from Chittagong hill tract zone and 08 children come from Barisal and Kotalipara, Gopalganj. Many of children are coming every day from different parts of the country to this orphanage home but it is not possible to accommodate them due to financial constraint and lack of other supports. Merely as a private sector initiative it would not be possible to meeting up the huge expense of their fundamental rights that we have to undertaking from 2014-2023. In this context we are cordially seeking helping hands from kind hearted people from regional, national or international levels who intends to support the initiative.
